# About Me

My name is Rangu Ajay, and I'm currently pursuing my B.Tech at SR University, expected to graduate in 2027. I have a strong passion for technology, programming, and innovative problem-solving. I've completed advanced courses in C Programming, Python, Data Structures, and HTML, which have helped me build a solid technical foundation. I communicate well, work effectively in teams, and have also taken up leadership roles during college events. I believe in continuous learning, staying updated with the latest tech trends, and exploring new tools and frameworks. My goal is to contribute to building impactful and user-friendly technology that improves daily life. I'm driven, curious, and open to learning from every experience I encounter.

Throughout my academic journey, I've worked on various projects ranging from web applications to mobile apps, always focusing on clean code, user experience, and scalable solutions. I believe in the power of technology to solve real-world problems and am excited to contribute to innovative projects.

Software Development

Web Technologies

Problem Solving

Team Collaboration

### Full Stack Development

Proficient in both frontend and backend technologies

**Problem Solving**  
**Portfolio** Strong analytical skills and creative problem-solving approach

**Goal Oriented**  
Focused on delivering high-quality solutions on time

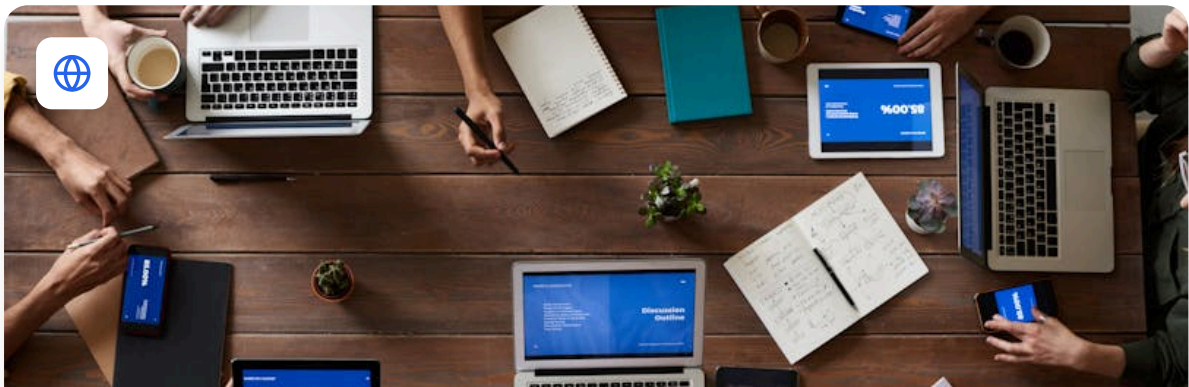

**Continuous Learning**  
Always eager to learn new technologies and methodologies

## Technical Skills

Technologies I Work With

## Featured Projects

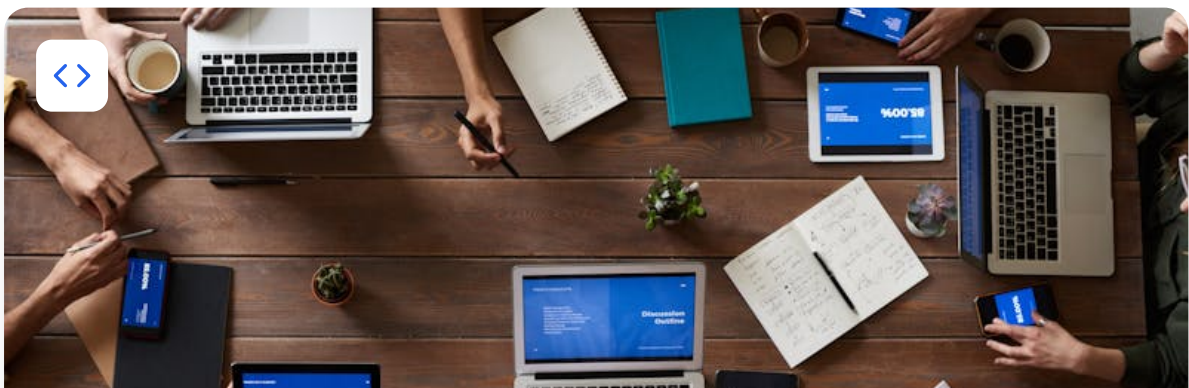

### Report on Smart Home Automation Hub

Design a smart home automation hub that allows users to control and monitor their connected devices from a centralized dashboard. Integrate with lot devices such as smart lights, thermostats, and security cameras.

 Code

### Quiz Application

## Portfolio

Develop a quiz application with user-generated quizzes and a scoring system. Include features like different question types, a leader board, and quiz categories.

 Code

Secure data hiding in image using steganography

 Code

Eye Diseases classification

 Code

# Education & Certifications

## Academic Background

### Bachelor of Technology in Computer Science

SR University

📅 2023 - 2027    📍 Ananthasagar, Hasanparthy, Telangana

GPA: 7.0/10

Specialized in Software Engineering with focus on web development, data structures, and algorithms.

#### Key Achievements:

- Participated in hackathons like Python and C, conducted in our college

## Professional Certifications

### Course completion certification of Introduction to Artificial Intelligence

Infosys Springboard

2024

## Portfolio

### Certification of completion on Cyber Security

All India Council for Technical Education(AICTE)implemented by Edunet  
Foundation

2024

### Certificate of internship of Web Development|

Agratas Academy pvt ltd

2023

### tificate of internship of Python Full Stack Developer Virtual Internship|

EduSkills Academy

2024

## Get In Touch

### Let's Connect

I'm always open to discussing new opportunities, collaborating on projects, or just having a conversation about technology. Feel free to reach out!
